

Viridian Architectural Design, Inc. is seeking a talented **Architectural Graduate / Unlicensed Architect** with **3+** years experience in commercial design.

Graduate Architect Job Description:

This position will be responsible for supporting project teams and consultants in design and project delivery capacities. Position will work with senior architects, designers and other project team members to produce schematic design through construction documents drawings and specifications. Position will require close attention to detail and strong field verification and measurement capabilities. Position will be responsible for development of presentation & design imagery and assist in cultivating solutions for the projects at hand. This team member will research products and data to support design solutions and will work with the architectural production teams to execute designs. Other duties as assigned.

Flexible Work Schedule

Want more free time to spend with family and friends?

- Core Work Hours from 10am – 3pm / Monday – Friday
- Work outside of Core Work Hours is flexible.
- After 40 hours are completed, remainder of week can be taken off without using Paid Leave Time.

Graduate Architect Minimum Requirements:

- Professional Bachelor's or Master's Degree in Architecture (from a NAAB Accredited program in the U.S.).
- Experience using **Revit** 2020 or newer.
- Experience using Photoshop, 3-D modeling software such as 3d max, Rhino, or Sketch Up a plus.
- Proficient in the use of Microsoft Office, Microsoft Excel and Adobe Acrobat.
- Government (VA) project experience a plus.
- Candidate must have strong visual and verbal presentation skills and be capable of functioning in design, research, and project leadership roles, working directly with principals and associated project team members and consultants.

Core Competencies

Candidates for this position **must possess** the following Core Competencies:

- Leadership – Lead by example and always strive to improve yourself and our vision.
- Work Well with Others – Work in team environment and provide management, direction and mentorship to other developing professionals.
- Agility – Respond quickly to client and team member needs at any given moment.
- Detail Oriented – Attention to detail skills that help ensure complete and comprehensive product delivery.
- Strong Work Ethic – Desire to give 110% effort each and every day to help strengthen core values of our vision.

Interested candidates may forward their resume, with contact information and project examples.

- Position will be full-time at our Fort Wayne, Indiana office with some remote work flexibility.
